

> BAYER AG chemical parks, Leverkusen, Dormagen, Wuppertal, Monheim and Uerdingen

KAEFER Construction GmbH, Düsseldorf

Summary	Contribution to designing the individual sites over many decades plus outfitting of innovative office and production facilities for the chemical industry.
Location	Bayer Chemiepark, Kaiser-Wilhelm-Allee, 51368 Leverkusen
Build time	Ongoing
Client	CURRENTA GmbH & Co. OHG, Bayer Technology Services GmbH, Bayer Material Science AG, Bayer Business Services GmbH, Bayer HealthCare AG, ALISECA Know-How & Service GmbH (Lanxess), Bayer Real Estate GmbH (GeWoGe)
Architect	Around 25 different architects appointed by the individual companies
KAEFER's role	Planning, tender, execution and completion: the service package goes from involvement in facility management via classical interior outfitting through to partial contracting for outfitting package.
Challenge	Dependable, long-term support for the process of rapid change in the chemical industry
Our solution	Smooth, punctual planning and assembly in line with the high safety standards of the chemical industry.
Added value for client	Bundling know-how: all work, including site management, comes from a single supplier.
